

NOTIFICATION OF ADDENDUM

ADDENDUM NO. 2

DATED 4/29/2013

Control	6256-35-001
Project	RMC - 625635001
Highway	IH0030
County	DALLAS

Ladies/Gentlemen:

Attached please find an addendum on the above captioned project. Included in the attachment is an addendum notification which details the changes and the respective proposal pages which were added and/or changed.

Except for new bid insert pages, it is unnecessary to return any of the pages attached.

Bid insert pages must be returned with the bid proposal submitted to the Department, unless your firm is submitting a bid using a computer print out. The computer print out must be changed to reflect the new bid item information.

Contractors and material suppliers, etc. who have previously been furnished informational proposals are not being furnished a copy of the addendum. If you have a subcontractor on the above project, please advise them of this addendum. Acknowledgment of this addendum is not requested if your company has been issued a proposal stamped "This Proposal Issued for Informational Purposes."

You are required to acknowledge receipt of this addendum on the Addendum Acknowledgement form contained in your bid proposal by placing a mark in the box next to the respective addendum.

Failure to Acknowledge receipt of this addendum in your bid proposal will result in your bid not being read.

DESCRIPTION OF ABOVE CHANGES

(INCLUDING PLANS SHEET CHANGES)

REVISION UNDER ITEM 4644, THRID PARAGRAPH OF THE GENERAL NOTES.

REPLACED PLAN SHEET 3A1-3E1 WITH 3A2-3E2.

ADDED SPECIAL PROVISION 000--2699 "IMPORTANT NOTICE TO CONTRACTORS".

Project Number: RMC-625635001

Sheet: 3A2

County: Dallas

Control: 6256-35-001

Highway: IH0030

GENERAL NOTES:

General:

This project consists of furnishing and installing "Transparent Noise Wall" on IH 30 from East of Edgefield Ave to West of Sylvan Ave. as detailed on the Location Sheet in the West Dallas County Maintenance Section.

Coordinate work through:

West Dallas County
David T. Lott, P.E.
4777 E. Highway 80
Mesquite, Texas 75150
214-319-6512

Attention is directed to the possible presence of overhead utilities owned by the Texas Department of Transportation (irrigation, signal, illumination and surveillance, communication, and control) on the right of way. Call the Department for locates at 214-320-6682 and 214-320-6205 48 hr. in advance.

Contact the appropriate department of the local, city, or town a minimum of 48 hr. in advance.

If overhead or underground power lines need to be de-energized, contact the electrical service provider to perform this work. Cost associated with de-energizing the power lines or other protective measures required are at no expense to the Department.

If working near power lines, comply with the appropriate sections of Texas State Law and Federal Regulations relating to the type of work involved.

Item 2 – Instructions to Bidders:

This project includes plan sheets that are not part of the bid proposal.

Order plans from any Reproduction Company listed at:

http://www.dot.state.tx.us/business/contractors_consultants/repro_companies.htm

View or download plans at:

<http://www.dot.state.tx.us/business/plansonline/plansonline.htm>

Item 3 – Award and Execution of Contract:

After written notification, work will be continuously prosecuted to completion.

Item 8 – Prosecution and Progress:

Working days will be charged in accordance with Section 8.3.C.2.b., “Standard Workweek, Nighttime Work and Daytime Work Requiring Inspector”.

Daytime work will only be performed with prior approval by the Engineer.

The Lane Closure Assessment Fee is shown on the following table. The fee applies to the Contractor for closures or obstructions that overlap into restricted hour traffic for each hour or portion thereof, per lane, regardless of the length of the lane closure or obstruction. For Restricted Hours subject to Lane Assessment Fee, refer to Item 502 “Barricades, Signs, and Traffic Handling”.

Table 1
Lane Closure Assessment Fee Table

Roadway	Amount Per Lane Per Hour
IH 30	\$3,500

Items 427 – Surface Finishes for Concrete:

Repair all damage caused by Contractor’s work to the existing structures to the satisfaction of the Engineer.

Item 445 – Galvanizing:

Galvanize anchor bolts, nuts, washers, and other structural steel elements in accordance with Table 1 of the Standard Specifications.

Item 502 – Barricades, Signs and Traffic Handling:

Project Number: RMC-625635001

Sheet: 3C2

County: Dallas

Control: 6256-35-001

Highway: IH0030

Provide traffic control in compliance with the latest editions of the “Texas Manual on Uniform Traffic Control Devices” (TMUTCD), the “Traffic Control Standards Sheets” (TCSS), and as directed.

Provide proposed lane closure information to the Engineer by 1 P.M. on the day prior to the proposed closures. Furnish information for closures following a national or state holiday on the last office workday prior to the closures. Do not close lanes if the above reporting requirements have not been met.

Unless otherwise approved, perform work Monday through Sunday during night time hours. If closing a lane is necessary, closure times will be Monday through Sunday, 9 P.M. to 6 A.M. with the exceptions for sporting or major events. Unless otherwise approved, close no more than 1 lane at a time.

Erect barricades and signs in locations not obstructing the traveling public’s view of the normal roadway signing or necessary sight distance.

Equipment and materials will not be left within 30 ft. of the travel lane during non-working hours.

Table 2

Freeway Lane Closures				
Category of Work	Number of Rdwy Lanes per direction	Peak Times Monday-Friday 6 A.M. - 9 A.M. 3:30 P.M. - 7 P.M. Major Events and Major Holidays	Off Peak Times Monday-Friday 9 A.M. - 3:30 P.M. 7 P.M. - 10:30 A.M. and Saturday	Lowest Volume Time Monday-Sunday 9:00 P.M. - 6 A.M.
Placement of CTB & Bridge Beams, Pavement Markings, Full Depth Roadway Repair, Bridge, or Similar Demolitions	5	None	2	3
	4	None	2	3
	3	None	1	2
	2	None	1	2
Adjacent Construction, Lanes for Construction Traffic, or Similar Operations	5	None	1	2
	4	None	1	2
	3	None	1	1
	2	None	None	1

Additional lanes may be closed during Off Peak Times or Lowest Volume Times with written permission of the Engineer. Lane Closures during Off Peak Times may be started earlier or be extended later with written permission of the Engineer.

Traffic Control Plans with Lane Closures causing backups of 20 minutes or greater in duration will be modified by the Engineer.

When moving unlicensed equipment on or across pavement or public highways, protect the pavement from all damage using an acceptable method.

Item 4644 – Transparent Noise Barrier Panels:

Submit working drawings and design calculations within 7 Calendar Days after written notification to begin work.

Failure to submit the working drawings and the design calculations within 7 Calendar Days will result in Liquidated Damages for each calendar day charged over the 7 Calendar Days.

Once above submittals have been approved by the Department time will be suspended up to 8 weeks to allow for material fabrication.

Transparent Panel thickness will not be less than 15 mm.

Transparent Noise Wall bottom panels will be cast or trimmed to closely match the grade of the top of the existing concrete noise wall. Where necessary, gaps no greater than those left by an 8 ft. long level line will be allowed between the top of the existing concrete noise wall and the bottom of the Transparent Noise Wall and will be filled with an approved filler.

The wall material will be clear tint only.

Item 6834 – Portable Changeable Message Sign:

Provide 1 Portable Changeable Message Sign (PCMS) units for use as shown on TCP Sheets or as directed.

A day will be measured and paid regardless of the number of PCMS units setup and operational on the work site.

PCMS will be placed 7 days prior to the lane closures.

 LISTED SPECIFICATION ITEMS, AND INCLUDING THE SPECIAL
 PROVISIONS LISTED ABOVE, CONSTITUTE THE COMPLETE SPECIFI-
 CATIONS FOR THIS PROJECT.

SPECIAL PROVISION

000--2699

Important Notice to Contractors

By the 10th day of each month, report to the Engineer the number of incidents and injuries that occurred on the project the previous month. Report:

- the total number of incidents and injuries for the Contractor and all subcontractors, and
- the number of incidents and injuries that include a third party.

An “incident” is defined as any work-related occurrence that had the potential to cause bodily harm but caused only damage to vehicles, equipment, materials, etc.

An “injury” is defined as an OSHA recordable injury. This is an injury or illness that results in any of the following: death, days away from work, restricted work or transfer to another job, medical treatment beyond first aid, or loss of consciousness. You must also consider a case to meet the general recording criteria if it involves a significant injury or illness diagnosed by a physician or other licensed health care professional, even if it does not result in death, days away from work, restricted work or job transfer, medical treatment beyond first aid, or loss of consciousness.

The Engineer will approve the form and method used for this reporting. Noncompliance with this requirement will result in the Department taking actions including but not limited to withholding estimates and suspending the work. This reporting will not be paid for directly but will be considered subsidiary to Items of the Contract.
